FEBRUARY BARGAIN OF THE MONTH

Hybrid Orchid Plants In Sheath To Bloom For Easter Or Mother's Day

Instead of the traditional lilies, how would you like to have a beautiful White Orchid in bloom for Easter?

Can't afford it? Maybe not, if you wait until April to order, as too many customers are apt to do. By that time, the reasonably priced Easter hybrids will have been sold, and the blooms on the unsold plants will have been promised to local florists.

So why not place your order now, when you can buy these Mature Hybrids in sheath for half the price you would pay in April — if you could buy them at all at that time?

The hybrids used to fill these Easter—Mother's Day orders will be selected from the groups listed on Pages 12, 12-A, 13 and 14, but in order to make sure your plant is in sheath, and due to bloom on the right date, I'll have to select for you.

Just specify whether you prefer **White**, **White-Colored-Lip** or **Colored**; and whether you prefer to have the plant in bloom for **EASTER** or for **MOTHER'S DAY**.

ALL ORDERS FOR THESE PLANTS MUST BE IN MY HANDS NO LATER THAN
MARCH 10th, 1954
